

BIRDIES & BUCKETS

“One Brand, Two Games, Infinite Style”

Birdies & Buckets levels the playing field through sport and style. Blending the timeless tradition of golf with the energy and culture of basketball, the brand redefines athletic apparel with a modern, streetwear edge.

But Birdies & Buckets is more than clothing; it's a community. We believe sport builds confidence, connection, and opportunity, yet access isn't always equal.

That's why we proudly partner with Sports for Support, a grassroots non-profit using sport as a vehicle for social good, helping underserved communities gain access to the game.
